

Subject: Online Facility for Tracking (Know Your Doctor) Plate Delivery

All registered practitioners are informed that an online platform has been made available to check the delivery status of DigiKYD (Know Your Doctor) plates.

Practitioners may visit **mch-status.digikyd.com** and enter their MCH Reg. No. to view the current status of their plate (Delivered / In Transit / Redispatched via India Post / Undelivered).

Practitioners whose status appears as 'Undelivered' are instructed to update their delivery address on the portal at the earliest and **no later than 31st December 2025** to ensure timely re-delivery of their KYD plate.

A detailed user manual on how to use this facility has also been uploaded on the website for ease of reference.
